

BUAP

Dear Rector

I am grateful that you have sent your representative and I hope that the IAU International Conference 2019 dedicated to “Transforming Higher Education for the Future” will serve our universities to propose solutions, give rise to development, and encourage debate on the ethical dimensions of social changes that take place all over the world.

It has been an honor to open the doors of the BUAP to discuss the challenges that education must face in these times and allow me to remind you of the event with the works presented on November 13, 14 and 15.

I would like to share the relevant information about BUAP, and if you are interested in obtaining more information or would like to develop a line of research in conjunction with our community, please feel free to contact the email alfonso.esparza@correo.buap.mx.

Sincerely

"Pensar bien, para vivir mejor"

Puebla of Zaragoza november 15th 2019

Dr. J. Alfonso Esparza Ortiz
Rector
